Ultra light-weight and sporty 15.4" notebook backpack

The sporty notebook backpack BacPac Easy distinguishes itself with its small weight of only 600 grammes. The generously dimensioned main compartment protects notebooks up to 15.4" perfectly in the integrated notebook compartment, and offers plenty of additional storage room for further documents. Additional mobile equipment can be stored in the front compartment, where an integrated workstation keeps mobile phones, pens, and business cards in order. Mobile phones and mp3 players can be placed in the easily accessible multimedia pockets, one of which features a special opening for headphone cables. Further equipment finds space in the attached side pockets.

The water repellent durable materials of the BacPac Easy make for additional protection of the notebook and other equipment; padded and adjustable shoulder straps, back padding, and carry handle make for comfortable transportation.

Available in black/white, red/white, or green/white to suit just about any fashion!

For a solid black version, please see the BacPac Smart, part code: N17768PHY
